Yellow Cake plc ("Yellow Cake" or the "Company")

Results of Placing and Retail Offer

Yellow Cake plc (AIM: YCA), founded and established by Bacchus Capital to be a specialist company operating in the uranium sector with a view to holding physical uranium for the long-term, is pleased to announce that 43,001,944 new Ordinary Shares (the "Placing Shares") have been placed with existing and new institutional investors at a price of £2.23 per share (the "Placing Price") via an accelerated bookbuild (the "Placing"). Concurrently with the Placing, the Company made an offer via the PrimaryBid platform of 1,523,070 new ordinary shares in the Company (the "Retail Shares") at the Placing Price (the "Retail Offer"), to provide certain retail investors with an opportunity to participate in the Placing (the Placing and Retail Offer together the "Fundraise").

Due to strong investor demand, the Company agreed with the Joint Bookrunners to increase the size of the Fundraise to approximately US\$140 million from the approximately US\$110 million originally proposed.

The Fundraise was conducted utilising the Company's existing share authorities.

Together, the Placing and the Retail Offer in aggregate comprise 44,525,014 new Ordinary Shares, which will raise gross proceeds of approximately £99.3 million (approximately US\$140 million). The Placing Shares and the Retail Shares being issued together represent approximately 53.0% of the existing issued ordinary share capital of the Company prior to the Placing and the Retail Offer.

Andre Liebenberg, Chief Executive Office of Yellow Cake, commented:

"We are delighted with the success of the Fundraise. I would like to thank existing investors for their support and backing of our strategy and welcome new investors to Yellow Cake. The Fundraise highlights the improving sentiment behind uranium, driven by supply challenges and growing demand, as nuclear is increasingly seen as a proven source for clean baseload power. This theme will become more pronounced as we move towards COP26, and supply cuts start to have a greater impact as utilities re-enter the market. With the raise behind us, we are now able to move forward on the next phase of our long term supply agreement with Kazatomprom, and acquire a further 3.5 mmlb of uranium at a price of US\$ 28.95 /lb, bringing our total uranium holdings to 12.8 mlbs. Furthermore, we have been able to raise additional

proceeds that will give the Company the opportunity to make selective additional purchases of uranium in the market.

The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the offering of the Placing Shares. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Joint Bookrunners will only procure investors who meet the criteria of professional clients and eligible counterparties.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of the UK Product Governance Requirements; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Placing Shares.

Each distributor is responsible for undertaking its own target market assessment in respect of the Placing Shares and determining appropriate distribution channels.
